FILE COPY

REMARKS:

Hi Christy,

Attached are two alternative cover system designs for the Northwest EnviroService (NWES) Airport Way South facility closure that we would like to talk about tomorrow with you and Catherine Massimino. The alternatives are based on information from our last meeting with Cathy and information she forwarded onto us of other cover systems she thought would be acceptable for this site closure. I have included two copies - one for you and one for Cathy. See you in the morning.

Thanks

Carolyn Kossik/CH2M HILL
